JavaScript for Beginners - The Complete introduction,

Udemy [🔗](#)

Guided project- Modern JavaScript: ES6 Basics,

Coursera [🔗](#)

SQL (intermediate) Certificate, *HackerRank* [🔗](#)

Education

Master of Science, Physics, *S.D.M College*

2020 Nov – 2022 Sep | Ujire, India

CGPA - 7.73

Bachelor of Science, Mathematics,

M M Arts and Science College

2017 Jun – 2020 Oct | Sirsi, India

Projects

URL Shortner, *Java, Spring boot, MySQL, Hibernate* [🔗](#)

- Designed and developed URL shortener web app using Java, JDBC, Hibernate, and Spring boot. The app efficiently generates shortened URLs for long input URLs, enhancing usability and convenience.

REST API for Course Management System,

Java, Spring boot, MySQL database, Postman [🔗](#)

- Developed a REST API for course management utilizing Spring Boot framework. Where we can perform all CRUD operations on courses and tested functionality using Postman for seamless integration.

Student Exam Results Website,

Java, Hibernate, Servlets, JPA, JSP, HTML, CSS [🔗](#)

- Created a website that displays 10th-grade results, featuring secure logins for students and authorities. Leveraging CRUD operations, authorities can manage student marks, while students can access their individual results by entering a unique seat number and date of birth.

Motivational Quote Generator, *JavaScript, HTML, CSS* [🔗](#)

- Developed a JavaScript-based motivational quote generator web app that dynamically fetches quotes from a remote API. With integrated sharing feature through WhatsApp and Twitter.

Audi website home page clone, *HTML, CSS* [🔗](#)

- The home page of Audi international website is cloned using only HTML and CSS.

Open Source and Community

- I have contributed to open source projects such as Teammates which is a peer evaluation and feedback tool used by thousands of universities across the globe.
